

Australian Spine Registry

This practice is proud to be part of the Australian Spine Registry.

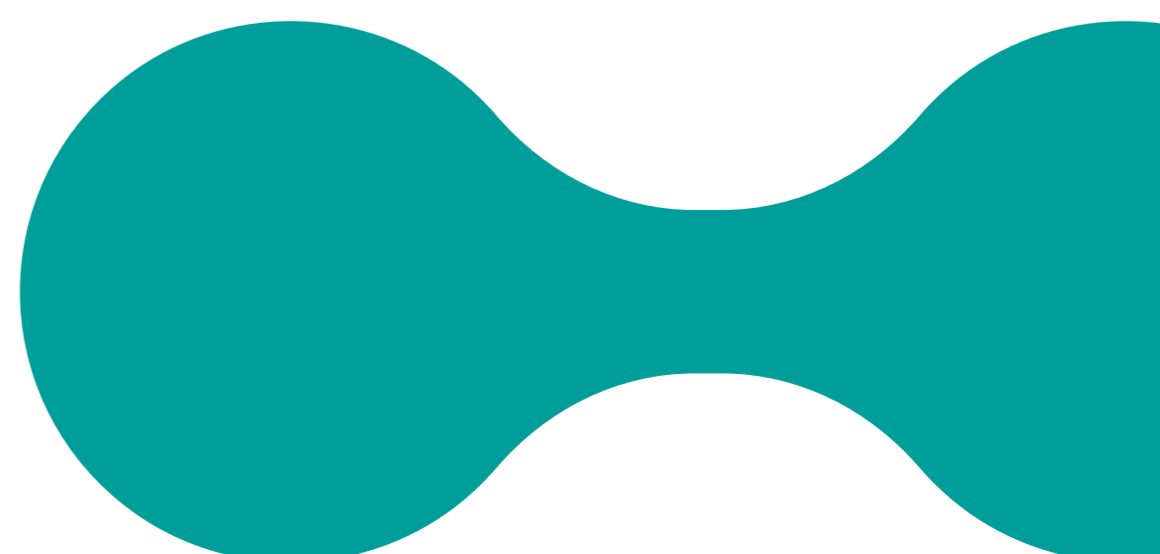

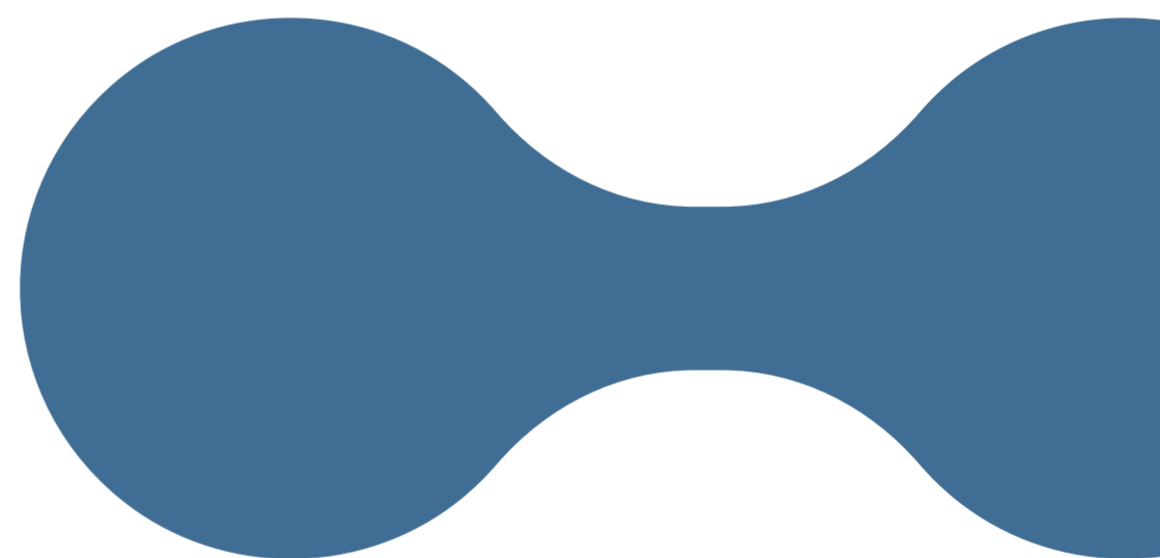

The Australian Spine Registry is being developed to improve the quality of care provided to individuals undergoing spine surgery in Australia. This registry will allow us to ensure that we are providing the highest quality of care to you, our patient.

Prior to surgery, you will receive a Patient Information Brochure explaining what is involved in participating in the Registry, how your data will be managed and how it will be used to improve patient safety. This brochure will clearly explain what you are required to do if you do not wish to participate.

Participation is entirely voluntary and there is **NO COST** to you. We will provide information about your surgery to the Registry but you may choose to opt-out at any time.

Your care at this practice will not be affected by your decision.

If you have any questions, please speak to your surgeon, the reception staff or visit www.spineregistry.org.au
